

# When Memories Matter

## *When Memories Matter*

*Award winning photographers,  
John and Lynn Gamble, personally  
help make your  
wedding photography all you  
dreamed it would be.*

*With 23 years of experience providing  
unmatched wedding portraiture,  
John and Lynn are our only photographers.*

*We work quickly to record your own special  
moments. Beautiful portraiture doesn't  
have to take your entire day.*

*You don't have to spend a fortune  
to have the best!*

*Your special requests are as important to  
your photographer as they are to you.*

*Creative use of "Window Light" portraiture  
and double lighting of receptions  
separate us from regular  
"flash everything" photographers.*

*We have photographed more than  
800 Northeast Ohio weddings.*

*More than half of our business comes from  
referrals from previous wedding clients...  
We must be doing it the right way!*

*Create your album on the computer  
screen before you order, as it will actually look,  
page by page.*

*We are members of the Professional  
Photographers of Ohio and subscribe to  
their code of ethics.*
